# INDEX OF AUTHORS

PAGE

BHALERAO, G. D. On two helminths of domestic ruminants in India. (With 6 Figures in the Text) 133

BHALERAO, G. D. On a new species of trematode from a spoon-bill in Afghanistan. (With 1 Figure in the Text) . . . . . 138

BISHOP, ANN. Chemotherapy and avian malaria . . . . . 1

CHOPRA, R. N. (*see* ROY, D. N. *et al.*)

DAWES, BEN. A new name for *Styphlodora compactum* Dawes, 1941, a criticism of the proposed new genus *Paurophyllum* Byrd, Parker & Reiber, 1940, and a revised key for the separation of species of the genus *Styphlodora* Looss, 1899. (With 6 Figures in the Text) . . . . 266

DOBELL, CLIFFORD. Some new methods for studying intestinal amoebae and other protozoa. (With 5 Figures in the Text) . . . . . 101

FANTHAM, H. B., PORTER, ANNIE and RICHARDSON, L. R. Some Haematozoa observed in vertebrates in eastern Canada. (With Plates II–IV) . . . . . 199

FIELD, J. W. Morphological variation in *Plasmodium vivax* Grassi & Feletti, 1890. (With Plate I) 82

GHOSH, S. M. (*see* ROY, D. N.)

GHOSH, S. M. (*see* ROY, D. N. *et al.*)

HARVEY, L. A. (*see* WATKINS, C. V.)

IMMS, A. D. On *Braula coeca* Nitsch and its affinities. (With 8 Figures in the Text) . . . 88

JOHNSON, C. G. and MELLANBY, KENNETH. The parasitology of human scabies. (With 3 Figures in the Text) . . . . . 285

LEA, DOUGLAS (*see* MARKHAM, ROY *et al.*)

LEA, D. E. and SMITH, KENNETH M. The inactivation of plant viruses by radiations. II. The relation between inactivation dose and size of virus. (With 3 Figures in the Text) . . 227

MARKHAM, ROY, SMITH, KENNETH M. and LEA, DOUGLAS. The sizes of viruses and the methods employed in their estimation . . . . . 315

MELLANBY, KENNETH. Natural population of the head-louse (*Pediculus humanus capitis: Anoplura*) on infected children in England. (With 2 Figures in the Text) . . . . . 180

MELLANBY, K. (*see* JOHNSON, C. G.)

MOHR, J. L. On the persistence of protozoan infections in the cloaca of an anuran, *Xenopus laevis* (Daudin) . . . . . 284

PORTER, ANNIE (*see* FANTHAM, H. B. *et al.*)

PURCHASE, HARVEY S. Turkey malaria . . . . . 278

RADFORD, CHARLES D. The larval Trombiculinae (Acarina, Trombidiidae) with descriptions of twelve new species. (With 106 Figures in the Text) . . . . . 55

RADFORD, CHARLES D. New ectoparasitic mites (Acarina) from Uganda. (With 19 Figures in the Text) . . . . . 185

RADFORD, CHARLES D. New parasitic mites (Acarina). (With 11 Figures in the Text) . . 295

RICHARDSON, L. R. (*see* FANTHAM, H. B. *et al.*)

ROBINSON, G. G. The penetration of pyrethrum through the cuticle of the tick, *Ornithodorus moubata* Murray (Argasidae). (With 3 Figures in the Text) . . . . . 113

PAGE

ROBINSON, G. G. The mechanism of insemination in the argasid tick, *Ornithodorus moubata* Murray. (With 1 Figure in the Text) . . . . . 195

ROBINSON, G. G. Fertility in the argasid tick, *Ornithodorus moubata* Murray . . . . . 308

ROY, D. N. (*see* SIDDONS, L. B.)

ROY, D. N. and GHOSH, S. M. Further work on the comparative efficacy of different culicifuges under laboratory conditions . . . . . 291

ROY, D. N., GHOSH, S. M. and CHOPRA, R. N. Comparative efficacy of different culicifuges under laboratory conditions . . . . . 152

SIDDONS, L. B. and ROY, D. N. On the life history of *Synthesiomyia nudiseta* van der Wulp (Diptera, Muscidae), a myiasis-producing fly. (With 19 Figures in the Text) . . . . 239

SMITH, KENNETH M. (*see* LEA, D. E.)

SMITH, KENNETH M. (*see* MARKHAM, ROY *et al.*)

SRIVASTAVA, HAR DAYAL. Whipworms and blood-flukes in dogs in India, with remarks on trichuriasis . . . . . 122

SRIVASTAVA, HAR DAYAL. New Hemiurids (Trematoda) from Indian marine food fishes. Part III. Two new parasites of the genus *Lecithocladium* Lühe, 1901 (subfamily Dinurinae Looss, 1907). (With 2 Figures in the Text) . . . . . 124

SRIVASTAVA, HAR DAYAL. New Allocreadiids (Trematoda) from Indian marine food fishes. Part IV. The morphology and systematic position of a new genus, *Horatrema*, of digenetic trematodes. (With 1 Figure in the Text) . . . . . 128

STEPHENSON, WILLIAM. On the culturing of *Rhabditis terrestris* n.sp. (With 6 Figures in the Text) 246

STEPHENSON, WILLIAM. The effect of variations in osmotic pressure upon a free-living soil nematode. (With 7 Figures in the Text) . . . . . 253

VEVAI, E. J. On the bionomics of *Aphidius matricariae* Hal., a braconid parasite of *Myzus persicae* Sulz. (With 6 Figures in the Text) . . . . . 141

WATKINS, C. V. and HARVEY, L. A. On the parasites of silver foxes on some farms in the south-west. (With 5 Figures in the Text) . . . . . 155

# INDEX OF SUBJECTS

ARACHNIDA — PAGE

. ACARINA

. Prostigmata

. *Banksia longiseta* (Banks, 1909) emend Radford . . . . . 299

. *Demodex folliculorum* Simon, 1842 . . . . . 157

. *Eulaelaps citellus* n.sp. . . . . 296

. *pedalis* (Banks, 1909) emend Radford . . . . . 298

. *propheticus* (Banks, 1909) emend Radford . . . . . 298

. *Haemolaelaps mesopicos* n.sp. . . . . 192

. *mystromys* n.sp. . . . . 300

. *Hannemania ochotrona* n.sp. . . . . 72

. *Laelaps parvulus* Hirst, 1923 . . . . . 302

. *Leeuwenhoekia gateri* n.sp. . . . . 70

. *Ligialaelaps ewingi* (Pearse, 1930) emend Radford . . . . . 299

. *Liponyssus dendropicos* n.sp. . . . . 306

. *otomys* n.sp. . . . . 190

. *sangsteri* n.sp. . . . . 190

. *Listrophoroides dasymys* n.sp. . . . . 306

. *Mungosicola ugandae* n.sp. . . . . 186

. *Neoschöngastia æthomyia* n.sp. . . . . 78

. *guntheri* n.sp. . . . . 76

. *mirafra* n.sp. . . . . 78

. *otomyia* n.sp. . . . . 76

. *samboni* n.sp. . . . . 76

. *Ophionyssus serpentium* Hirst, 1915 . . . . . 304

. *Otodectes cynotis* (Hering, 1828) . . . . . 157

. *Trombicula cynictia* n.sp. . . . . 62

. *hamertoni* n.sp. . . . . 62

. *mastomyia* n.sp. . . . . 64

. *parkeri* n.sp. . . . . 62

. *praomyia* n.sp. . . . . 64

. *Ugandolaelaps protozera* n.sp. . . . . 191

. Astigmata

. *Sarcoptes scabiei* de G. . . . . 285

. IXODOIDEA

. *Ornithodorus moubata* Murray, the argasid tick, mechanism of insemination in . . . 195

. fertility in . . . . . 308

. penetration of pyrethrum through the cuticle of the tick . . . . . 113

. PENTASTOMIDA

. *Linguatula serrata* Frölich, 1789 . . . . . 157

Allocreadiids (Trematoda) new, from Indian marine food fishes . . . . . 128

Argasid tick, the, *Ornithodorus moubata* Murray, fertility in . . . . . 308

Bionomics of *Aphidius matricariae* Hal., a Braconid parasite of *Myzus persicae* Sulz. . . . . 141

Chemotherapy and avian malaria . . . . . 1

Culicifuges under laboratory conditions, comparative efficacy of different . . . . . 152

. further work on . . . . . 291

Head-louse, the (*Pediculus humanus capitis: Anoplura*), natural population of, on infected children in England . . . . . 180

Helminths, two, of domestic ruminants in India . . . . . 133

PAGE

Hemiurids (Trematoda) new, from Indian marine food fishes . . . . . 124
Inactivation of plant viruses by radiations. II. The relation between inactivation dose and size of virus . . . . . 227

INSECTA

. ANOPLURA
. *Pediculus humanus capitis: Anoplura*, the head-louse, natural population of, on infected children in England . . . . . 180
. APHANIPTERA
. *Ctenocephalus canis* (Curtis, 1826) . . . . . 157
. *Spilopsyllus cuniculi* Dale, 1878 . . . . . 157
. DIPTERA
. *Braula coeca* Nitsch and its affinities . . . . . 88
. *Synthesiomyia nudiseta* van der Wulp (Diptera, Muscidae), a myiasis-producing fly, life-history of . . . . . 239
. HEMIPTERA
. *Myzus persicae* Sulz., bionomics of *Aphidius matricariae* Hal., a Braconid parasite of . . 141
. HYMENOPTERA
. *Aphidius matricariae* Hal., a Braconid parasite of *Myzus persicae* Sulz., bionomics of . . 141
Insemination in the argasid tick, *Ornithodorus moubata* Murray, mechanism of . . . . . 195
Intestinal amoebae and other protozoa, some new methods for studying . . . . . 101
Larval Trombiculinae (Acarina, Trombidiidae) with descriptions of twelve new species . . 55
Life history of *Synthesiomyia nudiseta* van der Wulp (Diptera, Muscidae), a myiasis-producing fly 239
Malaria, avian, chemotherapy of . . . . . 1
Mites (Acarina), new ectoparasitic, from Uganda . . . . . 185
Mites (Acarina), new parasitic . . . . . 295
Morphological variation in *Plasmodium vivax* Grassi and Feletti, 1890 . . . . . 82
Osmotic pressure, effect of variations in, upon a free-living soil nematode . . . . . 253
Protozoan infections in the cloaca of an anuran, *Xenopus laevis* (Daudin), persistence of . . 284

PROTOZOA

. Amoebae, intestinal, and other protozoa, some new methods for studying . . . . . 101
. *Dactylosoma salvelini* n.sp. . . . . 216
. *sylvatica* n.sp. . . . . 218
. Haematozoa observed in vertebrates in eastern Canada . . . . . 199
. *Haemogregarina myoxocephali* n.sp. . . . . 208
. *urophysis* n.sp. . . . . 209
. *Haemoproteus lanoraiea* n.sp. . . . . 214
. *laurentiae* n.sp. . . . . 213
. *lavalis* n.sp. . . . . 214
. use of, in the study of antimalarial compounds . . . . . 17
. *Lankesterella canadensis* n.sp. . . . . 207
. *Leucocytozoon salvelini* n.sp. . . . . 215
. *Plasmodium bufonis* n.sp. . . . . 212
. *catesbiana* n.sp. . . . . 211
. *relictum*, characteristics of the German strain of . . . . . 12
. *vivax* Grassi and Feletti, morphological variation in . . . . . 82
. *Spirochaeta manitoui* n.sp. . . . . 206
. *Trypanosoma gaumontis* n.sp. . . . . 203
. *inopinatum* Ed. & Et. Sergent . . . . . 205
. *lavalia* n.sp. . . . . 202
. *montrealis* n.sp. . . . . 203
. *myoxocephali* n.sp. . . . . 201
. *percae* n.var. *canadensis* . . . . . 200
. *rotatorium* (Mayer) . . . . . 204

PAGE

Pyrethrum, penetration of, through the cuticle of the tick, *Ornithodorus moubata* Murray (Argasidae) . . . . . 113
Scabies, parasitology of human . . . . . 285
Silver foxes, parasites of, on some farms in the south-west . . . . . 155
Sizes of viruses and the methods employed in their estimation . . . . . 315
Trematode from a spoon-bill in Afghanistan, on a new species of . . . . . 138
Turkey malaria . . . . . 278

VERMES

. *Capillaria bilobata* Bhalerao . . . . . 137
. *plica* (Rudolphi, 1819) . . . . . 157
. *Crenosoma vulpis* (Dujardin, 1845) . . . . . 157
. *Cymbiforma indica* n.sp. . . . . 133
. *Eucoleus* (*Capillaria*) *aerophilus* (Creplin, 1839) . . . . . 157
. *Horatrema pristipomatis* n.g. et n.sp. . . . . 128
. *Lecithocladium brevicaudum* Srivastava, 1937, emend. . . . . 126
. *harpodontis* Srivastava, 1937, emend. . . . . 124
. *Orchipedum akhtari* n.sp. . . . . 138
. *Styphlodora*, on the genus . . . . . 266
. *aspina* Byrd, Parker & Reiber, 1940 . . . . . 269
. *bascaniensis* Goldberger, 1911 . . . . . 267
. *floridanis* Byrd, Parker & Reiber, 1940 . . . . . 270
. *horridum* (Leidy, 1850) . . . . . 271
. *magna* Byrd & Denton, 1938 . . . . . 268
. *Rhabditis terrestris* n.sp., on the culturing of . . . . . 246
. *Schistosoma suis* Rao & Ayyar, 1933 . . . . . 123
. *Toxocara canis* (Werner, 1782) . . . . . 157
. *Uncinaria stenocephala* (Railliet, 1884) . . . . . 157
Viruses, plant, inactivation of, by radiation . . . . . 227
sizes of, and the methods employed in their estimation . . . . . 315
Whipworms and blood-flukes in dogs in India, with remarks on trichuriasis . . . . . 122
*Xenopus laevis* (Daudin), protozoan infections in the cloaca of . . . . . 284

CAMBRIDGE: PRINTED BY W. LEWIS, M.A., AT THE UNIVERSITY PRESS
